NOTIFICATION OF LAWS AND REGULATIONS UNDER ARTICLES 18.5, 32.6 AND 12.6 OF THE AGREEMENTS

QUESTIONS POSED BY THE UNITED STATES REGARDING THE NOTIFICATION OF THE RUSSIAN FEDERATION[1]

Corrigendum[2]

The following communication, dated 18 October 2016, is being circulated at the request of the Delegation of the United States.

In the next to last sentence of the final paragraph of question 5, the reference to "paragraph 130(2)" should instead be to "paragraph 139(2)".

And, in the last sentence of the final paragraph of question 5, the reference to "paragraph 130" should instead be to "paragraph 139" as follows:

> "By contrast, Article 3.7 of the Antidumping Agreement and Article 15.7 of the SCM Agreement specify that in a threat analysis an authority should consider whether there is "a significant rate of increase of dumped imports", "substantially increased importation", "an imminent, substantial increase in, capacity of the exporter indicating the likelihood of substantially increased dumped exports", and "prices that will have a significant depressing or suppressing effect on domestic prices" (emphasis added). In only one instance, paragraph **139(2)** underlined above, does such language appear to be incorporated into the Protocol. Please explain whether paragraphs 76 and **139** of the Protocol are consistent with Article 3.7 of the Antidumping Agreement and Article 15.7 of the SCM Agreement, respectively."
