Committee on Subsidies and Countervailing Measures

Original: English

SUBSIDIES

NEW AND FULL NOTIFICATION PURSUANT TO ARTICLE XVI:1 OF THE GATT 1994 AND ARTICLE 25 OF THE AGREEMENT ON SUBSIDIES AND COUNTERVAILING MEASURES

RUSSIAN FEDERATION

Revision

The following communication, dated 23 April 2014, is being circulated at the request of the Delegation of the Russian Federation.

Attached is new and full notification of the Russian Federation pursuant to Article XVI:1 of the GATT 1994 and Article 25 of the Agreement on Subsidies and Countervailing Measures (SCM Agreement) for the year of 2012. Due to the transparency-oriented provisions for the obligation on notification and in accordance with Article 25.7 of the SCM Agreement, this notification does not prejudice, under the GATT 1994 and the SCM Agreement the legal status of the notified programmes, their effects, or the nature of the programmes themselves.

Information on programmes granted or maintained at sub-federal levels in the Russian Federation is included in the Annex.

1 AUTOMOBILE INDUSTRY

1.1 Support of Investment Projects in the Automobile Industry

Title of the subsidy programme

Support of Investment projects in the Automobile Industry.

Period covered by the notification

2012.

Policy objective and/or purpose

Support of completion of the investment projects launched by the Russian motor vehicle producers.

Background and authority

Act: Resolution of the Government of the Russian Federation No. 640 of 1 August 2011.

Authority: Ministry of Industry and Trade of the Russian Federation.

Form

Direct funding from the Federal budget.

Recipients and terms

Legal entities engaged in the automotive industry received partial compensation of loan interest (including loans covered by state guarantees of the Russian Federation) and of coupon yields on bonds under condition that the investment projects, which the credit resources had been attracted to, were aimed at:

- 1) development and engineering of modern vehicles or components thereof;
- 2) modernization of means of production;
- 3) reconstruction of production facilities;
- 4) increase of production capacity.

Amount

3,778 million RUB.

Duration

Since 2011.

Trade effects

It is not possible to estimate what, if any, trade effects may result from the use of this programme.

1.2 Auto Investment Programme

Title of the subsidy programme

Auto Investment Programme.

Period covered by the notification

2012.

Policy objective and/or purpose

Attraction of investments for development of domestic car making.

Background and authority

Act: Joint Order of the Ministry of Economic Development of the Russian Federation, Ministry of Industry and Trade of the Russian Federation and Ministry of Finance of the Russian Federation No. 73/81/58n of 15 April 2005.

Authority: Ministry of Economic Development of the Russian Federation.

Form

Preferential tariffs or tariff exemptions.

Recipients and terms

Motor vehicle producers which concluded the investment agreements with the Ministry of Economic Development of the Russian Federation and meet the terms of the agreements are eligible for preferential tariffs or tariff exemptions for imports used in production of motor vehicles and components and parts thereof. This program is described in detail in paragraphs 1072-1086 of the Working Party Report on the Accession of the Russian Federation to the WTO (WPR).

Amount

No statistics available.

Duration

Since 2005. In accordance with paragraph 1090 of the WPR preferential tariffs and tariff exemptions under this regime will be eliminated by 1 July 2018.

Trade effects

It is not possible to estimate what, if any, trade effects may result from the use of this programme.

1.3 Support of Sales Volume in the Automobile Industry

Title of the programme

Support of Sales Volume of the Automobile Industry.

Period covered by the notification

2012.

Policy objective and/or purpose

Support of sales volume and income of the domestic motor vehicle producers.

Background and authority

Act: Resolution of the Government of the Russian Federation No. 244 of 19 March 2009.

Authority: Ministry of the Industry and Trade of the Russian Federation.

One of the negative impacts of the world financial and economic crisis for the automobile industry resulted in drastic fall in sales volume by motor vehicle producers. In order to improve the situation the Government of the Russian Federation made decision to support motor vehicle

producers by supporting their sales volume. Only motor vehicles of a weight less than 3.5 tones and with a price less than 600 thousand RUB were eligible under the programme.

Form

Direct funding from the Federal budget.

To whom and how assistance is provided

Russian credit institutions received partial compensation on loans that these organizations provided in 2009-2011 to private persons on purchase of motor vehicles produced in the Russian Federation including those produced by the manufacturers fully controlled by the foreign investors. Subsidies are aimed at compensating falling revenues due to the provision of the loans by the credit organizations at interest rates below market levels.

The opportunity to purchase a motor vehicle under this programme expired on 1 January 2012. After this date the credit organisations have been receiving compensation only for the loans that were granted under this program prior to 1 January 2012.

Amount

3,253 million RUB.

Duration

2009–2014.

Trade effects

It is not possible to estimate what, if any, trade effects may result from the use of this programme.

1.4 Encouragement of Private Persons to Purchase New Cars

Title of the programme

Encouragement of Private Persons to Purchase New Cars.

Period covered by the notification

2012.

Policy objective and/or purpose

Improvement of road safety and stabilization of the ecological situation in the Russian Federation.

Background and authority

Act: Resolution of the Government of the Russian Federation No. 1194 of 31 December 2009.

Authority: Ministry of Industry and Trade of the Russian Federation.

Form

Direct funding from the Federal budget.

To whom and how assistance is provided

Russian trading organizations engaged in sales of new motor vehicles received compensation for their losses arising from selling new motor vehicles to private persons at a discounted price, under condition that the private persons had deposited owned old cars for recycling. Other requirements for receiving the subsidy were the following:

- 1) gross weight of the old motor vehicle subject to recycling was less than 3.5 tonnes and its age was more than 10 years;
- 2) the old car was transferred for recycling in 2010-2011 years.
- 3) the new motor vehicle was produced in Russia and its gross weight was less than 3.5 tonnes;
- 4) the new motor vehicle was sold to a private person at a discount of 50 thousand RUB;

Amount

258 million RUB.

Duration

2010-2012.

Trade effects

It is not possible to estimate what, if any, trade effects may result from the use of this provision.

1.5 Subsidies for Railway Transportation of New Motor Vehicles

Title of the programme

Subsidies for railway transportation of new motor vehicles.

Period covered by the notification

2012.

Policy objective and/or purpose

Support of the Russian car manufacturers in overcoming logistical problems with delivery of cars from the European part of Russia to Far East part of Russia and in backward direction

Background and authority

Act: Resolution of the Government of the Russian Federation No. 1070 of 20 December 2010.

Authority: Federal Railway Transport Agency of the Russian Federation.

Form

Direct funding from the Federal budget.

To whom and how assistance is provided

Support was provided to certain Russian car manufacturers in delivery of their products from the European part of Russia to Far East part of Russia and in backward direction by means of free of charge transportation of their products. Losses of Open Joint Stock Company "Russian Railways" were subject to compensation from the Federal budget.

Amount

2,775 million RUB.

Duration

Since 2011.

Trade effects

It is not possible to estimate what, if any, trade effects may result from the use of this programme.

2 AIRCRAFT INDUSTRY

2.1 Federal Target Programme "Development of Russian Civil Aeronautic Engineering in 2002-2010 and in the Period until 2015"

Title of the programme

Federal Target Programme "Development of Russian Civil Aeronautic Engineering in 2002-2010 and for the Period until 2015".

Period covered by the notification

2012.

Policy objective and/or purpose

The purpose of the Programme is to support R&D in the industry and to improve characteristics of aircrafts and components thereof.

Background and authority

Act: Ministry of Industry and Trade of the Russian Federation.

Authority: Resolution of the Government of the Russian Federation No. 728 of 15 October 2001.

The Programme consists of the list of objectives, key indicators and measures to be taken in order to achieve objectives set out by the programme.

Form

Provision of goods and/or services.

To whom and how assistance is provided

The governmental support is being provided under two directions: capital investments and funding of R&D. Basic mechanism of the support is in provision of goods or services to an enterprise. In order to provide goods or services the governmental authority places an order, performer of which is to be selected at the tender on a best bid basis.

Amount

R&D – 34,132 million RUB; capital investment – 689 million RUB.

Duration

2002-2015.

Trade effects

It is not possible to estimate what, if any, trade effects may result from the use of this provision.

2.2 Support of Sales of Aircrafts on Lease

Title of the programme

Support for leasing market of domestic aircraft.

Period covered by the notification

2012.

Policy objective and/or purpose

Modernization of the aircraft fleet of domestic airline companies.

Background and authority

Act: Resolution of the Government of the Russian Federation No. 90 of 16 February 2008.

Authority: Ministry of Industry and Trade of the Russian Federation.

Form

Direct funding from the Federal budget.

To whom and how assistance is provided

Russian leasing companies had received partial compensation of payment of interest on loans taken out in the Russian banks in 2008 – 2012 for the purchase of the Russian aircrafts given that such aircrafts were subsequently sold to the Russian airline companies on lease. Where this mechanism was applied to aviation simulators the subsidies were granted to the Russian aircraft producers too.

Amount

326 million RUB.

Duration

Since 2008 until 5 November 2012.

Trade effects

It is not possible to estimate what, if any, trade effects may result from the use of this programme.

2.3 Support of Sales of Aircrafts on Lease - 2

Title of the programme

Support of Sales of Aircrafts on Lease – 2.

Period covered by the notification

2012.

Policy objective and/or purpose

Modernization of the aircraft fleet of the Russian airline companies.

Background and authority

Act: Resolution of the Government of the Russian Federation of 22 October 2012 No. 1073.

Authority: Ministry of Industry and Trade of the Russian Federation.

Form

Direct funding from the Federal budget.

To whom and how assistance is provided

Russian leasing companies had received partial compensation of payment of interest on loans taken out in the Russian banks in 2008-2012 for the purchase of aircrafts including foreign aircrafts given that such aircrafts were subsequently sold to the Russian airline companies on lease. Where this mechanism is applied to aviation simulators the subsidies were granted to the Russian aircraft producers too.

Amount

1,171 million RUB.

Duration

Since 6 November 2012.

Trade effects

It is not possible to estimate what, if any, trade effects may result from the use of this programme.

2.4 Subsidies to the Aircraft Industry for Technical Re-equipmentTitle of the programme

Subsidies to the Aircraft Industry for Technical Re-equipment .

Period covered by the notification

2012.

Policy objective and/or purpose

Technical re-equipment and modernization of the Russian aircraft industry.

Background and authority

Act: Resolution of the Government of the Russian Federation No. 91 of 16 February 2008.

Authority: Ministry of Industry and Trade of the Russian Federation.

Form

Direct funding from the Federal budget.

To whom and how assistance is provided

The support is provided to the Russian manufacturers of aircrafts, helicopters and aircraft engines for partial compensation of interests on the loans taken out in 2008-2011 and of leasing payments under leasing contracts concluded since 2006 for re-equipment of production facilities.

Amount

336 million RUB.

Duration

2008-2015.

Trade effects

It is not possible to estimate what, if any, trade effects may result from the use of this programme.

2.5 Support of the Russian Airline Companies

Title of the programme

Support of Russian Airline Companies.

Period covered by the notification

2012.

Policy objective and/or purpose

Renewal of the aircraft fleet of the Russian airline companies.

Background and authority

Act: Resolution of the Government of the Russian Federation No. 466 of 26 June 2002.

Authority: Federal Air Transport Agency of the Russian Federation.

Form

Direct funding from the Federal budget.

To whom and how assistance is provided

The support is provided to the Russian airlines for partial compensation of interest on loans taken in 2002-2005 and leasing payments under leasing contracts concluded from 2002 to 2010 for the purposes of purchasing Russian aircrafts.

According to recent amendments to the Resolution of the Government of the Russian Federation of 26 June 2002 No. 466 (Resolution of the Government of the Russian Federation of 27 February 2013 No. 164) there was a decision to fix the cut-off point for providing of the subsidies. The introduced amendments limited the scope of the support program only to contracts concluded by the Russian airline companies with the financial organizations in 2002-2010.

Amount

630 million RUB.

Duration

Since 2002.

Trade effects

It is not possible to estimate what, if any, trade effects may result from the use of this programme.

2.6 Support of Russian Airline Companies (Domestic and Local Airlines)

Title of the programme

Support for Russian airlines - aircraft leasing

Period covered by the notification

2012.

Policy objective and/or purpose

Renewal of the aircraft fleet of the Russian airline companies for domestic regional and local airlines.

Background and authority

Act: Resolution of the Government of the Russian Federation No. 1212 of 30 December 2011.

Authority: Federal Air Transport Agency of the Russian Federation.

Form

Direct funding from the Federal budget.

To whom and how assistance is provided

Russian regional and local airline companies receive partial compensation of lease payments for aircrafts including foreign aircrafts regional under leasing contracts that entered into force after 1 January 2012.

Amount

934 million RUB.

Duration

Since 2012.

Trade effects

It is not possible to estimate what, if any, trade effects may result from the use of this programme.

3 MACHINE BUILDING AND INSTRUMENTAL INDUSTRY

3.1 Subprogramme "Development of Domestic Machines, Tools and Instruments Industry" in 2011-2016 of the Federal Target Programme "National Technological Base" in 2007-2011

Title of the programme

Subprogramme "Development of Domestic Machine-Tool and Instrumental Industry" in 2011-2016 of the Federal Target Programme "National Technological Base" in 2007-2011.

Period covered by the notification

2012.

Policy objective and/or purpose

Scientific, technical, industrial and infrastructural development of the domestic machines, tools and instruments industry.

Background and authority

Act: Resolution of the Government of the Russian Federation No. 531 of 1 July 2011.

Authority: Ministry of Industry and Trade of the Russian Federation.

The subprogramme consists of the list of objectives, key indicators and measures to be taken in order to achieve the goals of the Programme.

Form

Provision of goods and/or services.

To whom and how assistance is provided

The governmental support is provided for funding of R&D. Basic mechanism of the support is provision of goods or services to an enterprise. In order to provide goods or services the governmental authority places an order, performer of which is to be selected at the tender on a best bid basis.

Amount

R&D – 1,826 million RUB.

Duration

2007-2016.

Trade effects

It is not possible to estimate what, if any, trade effects may result from the use of this programme.

3.2 Subprogramme "Creation and Establishment of Production in the Russian Federation of New Generation Diesel Engines and Components thereof in 2011-2015" of the Federal Target Programme "National Technological Base" in 2007-2011

Title of the programme

Subprogramme "Creation and Establishment of Production in the Russian Federation of New Generation Diesel Engines and Components thereof in 2011-2015" of the Federal Target Programme "National Technological Base" in 2007-2011.

Period covered by the notification

2012.

Policy objective and/or purpose

Development and production of competitive diesel engines and related R&D activities.

Background and authority

Act: Resolution of the Government of the Russian Federation No. 820 of 6 October 2011.

Authority: Ministry of Industry and Trade of the Russian Federation.

The subprogramme consists of the list of objectives, key indicators and measures to be taken in order to achieve its goals.

Form

Provision of goods and/or services.

To whom and how assistance is provided

The governmental support is provided for funding of R&D. Basic mechanism of the support is provision of goods or services to an enterprise. In order to provide goods or services the governmental authority places an order, performer of which is to be selected at the tender on a best bid basis.

Amount

R&D – 1,170 million RUB.

Duration

2011-2015.

Trade effects

It is not possible to estimate what, if any, trade effects may result from the use of this programme.

3.3 Subsidies to Machinery Manufacturers on Technical Re-equipmentTitle of the programme

Subsidies to Machinery Manufacturers on Technical Re-equipment.

Period covered by the notification

2012.

Policy objective and/or purpose

Technical re-equipment and modernization of the Russian machinery industry.

Background and authority

Act: Resolution of the Government of the Russian Federation No. 205 of 10 March 2009.

Authority: Ministry of Industry and Trade of the Russian Federation.

Form

Direct funding from the Federal budget.

To whom and how assistance is provided

Support is provided to the Russian enterprises of the farm machine industry, timber processing complex, engineering in gas-and-oil complex, machine-tool industry and special metallurgy industry. The recipient receives direct funding from the Federal budget on partial compensation of interest on the loans taken out in 2008-2011 for the purposes of technical re-equipment. Compensations are available for the loans with the terms not exceeding 5 years. Both domestic and foreign equipment purchased on the loans were eligible under the subsidy programme.

Amount

350 million RUB.

Duration

2009-2016.

Trade effects

It is not possible to estimate what, if any, trade effects may result from the use of this programme.

4 SHIPBUILDING INDUSTRY AND MARINE TECHNICS

4.1 Federal Target Programme "Development of Civil Marine Engineering in 2009-2016"

Title of the programme

Federal Target Programme "Development of Civil Marine Engineering in 2009-2016".

Period covered by the notification

2012.

Policy objective and/or purpose

Development of national science and technology and improvement of competitiveness of the civil marine equipment industry.

Background and authority

Act: Resolution of the Government of the Russian Federation No. 103 of 21 February 2008.

Authority: Ministry of Industry and Trade of the Russian Federation.

The Programme consists of the list of objectives, key indicators and measures to be taken in order to achieve its goals.

Form

Provision of goods and/or services.

To whom and how assistance is provided

The governmental support is provided on two directions: capital investments and funding of R&D. Basic mechanism of the support is provision of goods or services to an enterprise. In order to provide goods or services the governmental authority places an order, performer of which is to be selected at the tender on a best bid basis.

Amount

R&D – 12,821 million RUB;

capital investment – 4,861 million RUB.

Duration

2009-2016.

Trade effects

It is not possible to estimate what, if any, trade effects may result from the use of this provision.

4.2 Support of Transport Companies for Purchasing of Civil Vessels

Title of the programme

Support of Transport Companies for Purchasing Civil Vessels.

Period covered by the notification

2012.

Policy objective and/or purpose

Fleet modernization of the Russian transport companies.

Background and authority

Act: Resolution of the Government of the Russian Federation № 383 of 22 May 2008.

Authority: Ministry of Industry and Trade of the Russian Federation.

Form

Direct funding from the Federal budget.

To whom and how assistance is provided

Russian transport companies received partial compensation of interest on loans taken out in 2008-2012 and lease payments under lease contracts signed from 2008 to 2012 for purchasing of civilian ships.

Amount

162 million RUB for partial compensation of expenses on interest on loans.

200 million RUB for partial compensation of expenses on lease payments under lease contracts.

Duration

Since 2008.

Trade effects

It is not possible to estimate what, if any, trade effects may result from the use of this programme.

4.3 Subsidies for Construction and Modernization of Fishing Vessels

Title of the programme

Subsidies for Construction and Modernization of Fishing Vessels.

Period covered by the notification

2012.

Policy objective and/or purpose

Stimulation of construction and modernization of fishing vessels.

Background and authority

Act: Resolution of the Government of the Russian Federation No. 1181 of 29 December 2010.

Authority: Federal Agency for Fisheries of the Russian Federation.

Form

Direct funding from the Federal budget.

To whom and how assistance is provided

Enterprises engaged in fishery received partial compensation of the interest on loans received in the Russian credit institutions in 2008-2012 for a period of up to 5 years for construction and modernization of fishing vessels.

Amount

10 million RUB.

Duration

2011-2017.

Trade effects

It is not possible to estimate what, if any, trade effects may result from the use of this programme.

5 ELECTRONIC INDUSTRY

5.1 Federal Target Programme "Development of Electronic Components Base and Radio Electronics" in 2008-2015

Title of the programme

Federal Target Programme "Development of Electronic Components Base and Radio Electronics" in 2008-2015.

Period covered by the notification

2012.

Policy objective and/or purpose

Development of scientific, technical and production base for improvement of competitiveness of the electronic and radio-electronic industries.

Background and authority

Act: Resolution of the Government of the Russian Federation No. 809 of 26 November 2007.

Authority: Ministry of Industry and Trade of the Russian Federation.

Federal Target Programme consists of the list of objectives, key indicators and measures to be taken in order to achieve the goals of the Programme.

Form

Provision of goods and/or services.

To whom and how assistance is provided

The support is provided under 2 directions: capital investments and funding of R&D. Basic mechanism of the support is in provision of goods or services to an enterprise. In order to provide goods or services the governmental authority places an order, performer of which is to be selected at the tender on a best bid basis.

Amount

R&D – 15,012 million RUB; capital investment – 10,044 million RUB.

Duration

2008-2015.

Trade effects

It is not possible to estimate what, if any, trade effects may result from the use of this provision.

6 PHARMACEUTICAL AND MEDICAL INDUSTRY

6.1 Federal Target Programme "Development of the Pharmaceutical and Medical Industry of the Russian Federation for the Period until 2020 and Beyond"

Title of the programme

Federal Target Programme "Development of the Pharmaceutical and Medical Industry of the Russian Federation for the Period until 2020 and Beyond"

Period covered by the notification

2012.

Policy objective and/or purpose

Development of scientific, technical and production basis for improvement of competitiveness of pharmaceutical and medical industries.

Background and authority

Act: Resolution of the Government of the Russian Federation No. 91 of 17 February 2011.

Authority: Ministry of Industry and Trade of the Russian Federation.

Federal Target Programme consists of the list of objectives, key indicators and measures to be taken in order to achieve the goals of the Programme.

Form

Provision of goods and/or services.

To whom and how assistance is provided

The Governmental support is provided under 2 directions: capital investments and funding of R&D. Basic mechanism of the support is provision of goods or services to an enterprise. In order to provide goods or services the governmental authority places an order, performer of which is to be selected at the tender on a best bid basis.

Amount

R&D – 5,325 million RUB; capital investment – 1,303 million RUB.

Duration

2011-2020.

Trade effects

It is not possible to estimate what, if any, trade effects may result from the use of this programme.

7 LIGHT AND TEXTILE INDUSTRY

7.1 Support of the Light and Textile Industry

Title of the programme

Support of the Light and Textile Industry.

Period covered by the notification

2012.

Policy objective and/or purpose

Support of seasonal procurement of raw materials and technical re-equipment of the light and textile industry manufacturers.

Background and authority

Act: Resolution of the Government of the Russian Federation № 993 of 29 December 2007.

Authority: Ministry of the Industry and Trade of the Russian Federation.

Form

Direct funding from the Federal budget.

To whom and how assistance is provided

Subsidies are provided to the Russian manufacturers of the light and textile industry for partial compensation of interest on the loans. Compensations are available for the loans taken for the purposes of technical re-equipment and for the loans taken for the purposes of seasonal purchasing of raw materials.

Amount

472 million RUB.

Duration

Since 2008.

Trade effects

It is not possible to estimate what, if any, trade effects may result from the use of this programme.

8 FISHING INDUSTRY

8.1 Federal Target Programme "Efficient use and development of the resource potential of fishery complex in 2009-2012 years"

Title of the programme

Federal Target Programme "Improvement of Effectiveness of Use and Development of Resource Potential of the Fishery Complex in 2009-2012".

Period covered by the notification

2012.

Policy objective and/or purpose

Sustainable development of the fishery complex through reproduction and increase of fish resources.

Background and authority

Act: Resolution of the Government of the Russian Federation No. 606 of 12 August 2008.

Authority: Federal Agency of Fishery of the Russian Federation.

Federal Target Programme consists of the list of objectives, key indicators and measures to be taken in order to achieve the goals of the Program.

Form

Provision of goods and/or services

To whom and how assistance is provided

The Governmental support is provided under 2 directions: capital investments and funding of R&D. Basic mechanism of the support is provision of goods or services to an enterprise. In order to provide goods or services the governmental authority places an order, performer of which is to be selected at the tender on a best bid basis.

Amount

It is not possible to estimate what, if any, trade effects may result from the use of this programme.

11 INTERSECTORAL INCENTIVES

11.1 Special Economic Zones (SEZs)

Title of the programme

Incentives for the Residents of the Special Economic Zones.

Period covered by the notification

2012.

Policy objective and/or purpose

Attraction of investments to the special economic zones (SEZs).

Background and authority

Act: Federal Law No. 116-FZ of 22 July 2005.

Authority: Federal Tax Service of the Russian Federation.

Form

Tax reduction related to: income tax (in part transferred to the Federal budget), property tax, transport tax and land tax. In some of the SEZs additional tax reduction is granted and is related to: value-added tax and payments to the social welfare funds. Moreover, the residents benefit from the improved infrastructure of the SEZs.

To whom and how assistance is provided

Tax reduction schemes depend on the type of the SEZ (industrial, technology-implementing, port or tourist-recreational) and apply to the residents.

Amount

No statistics available.

Duration

Since 2006.

Trade effects

It is not possible to estimate what, if any, trade effects may result from the use of this programme.

11.2 Incentives in the Kaliningrad SEZ

Title of the programme

Incentives in the Kaliningrad SEZ.

Period covered by the notification

2012.

Policy objective and/or purpose

Attraction of investments to the Kaliningrad SEZ.

Background and authority

Act: Federal Law No. 16-FZ of 10 January 2006.

Authority: Federal Tax Service of the Russian Federation.

Form

- 1) Tax reduction related to income tax and property tax.
- 2) Exemption of imported inputs from customs duties and taxes (free customs zone regime).

To whom and how assistance is provided

1) The residents of the Kaliningrad SEZ benefit from the reduced rates of income tax and property tax. During the first six years of operation within the SEZ the taxes are levied at a rate of 0%. From the seventh to the twelfth year of operation within the SEZ only a half of the taxes otherwise due is levied.

2) All juridical persons and individual entrepreneurs registered in the Kaliningrad oblast under special economic and investment regime established and active under the Federal Law No. 13-FZ of 22 January 1996 are eligible for the procedure when the goods imported under the free customs zone regime and then released for free circulation into the rest of the Russian Federation are not subject to customs duties and taxes if they meet certain requirements. In accordance with the paragraph 1124 of the Working Party Report on the Accession of the Russian Federation to the WTO this regime will be applied until 1 April 2016.

Amount

No statistics available.

Duration

Since 2006.

Trade effects

It is not possible to estimate what, if any, trade effects may result from the use of this provision.

11.3 Incentives in the Magadan SEZTitle of the programme

Incentives in the Magadan SEZ.

Period covered by the notification

2012.

Policy objective and/or purpose

Attraction of investments to the Magadan SEZ.

Background and authority

Act: Federal Law No. 104-FZ of 31 May 1999.

Authority: Federal Tax Service of the Russian Federation.

Form

- 1) Tax exemption related to income tax.
- 2) Exemption of imported inputs from customs duties and taxes (free customs zone regime).

To whom and how assistance is provided

1) The residents of the Magadan SEZ benefit from the zero income tax rate applied to profits that are invested in production and social sphere.

2) All juridical persons and individual entrepreneurs that are participants of the Magadan SEZ in accordance with the Federal Law No. 104-FZ are eligible for the mechanism when the goods imported under the free customs zone regime and then released for free circulation into the rest of the Russian Federation are not subject to customs duties and taxes if they meet certain

requirements. In accordance with the paragraph 1124 of the Working Party Report on the Accession of the Russian Federation to the WTO this regime will be applied until 1 January 2015.

Since 2007.

Trade effects

It is not possible to estimate what, if any, trade effects may result from the use of this provision.

11.4 Innovative Center "Skolkovo" Support Scheme

Title of the programme

Innovative Center "Skolkovo" Support Scheme.

Period covered by the notification

2012.

Policy objective and/or purpose

Support of entrepreneurs performing activities in the innovative center "Skolkovo".

Background and authority

Act: Federal law No. 244-FZ of 28 September 2010.

Form

Direct funding from the Federal budget.

To whom and how assistance is provided

Support is provided to the Russian legal entities engaged in construction of infrastructure of the innovative center "Skolkovo" and to the participants of the center performing R&D activities.

Amount

934 million RUB.

Duration

2012.

Trade effects

It is not possible to estimate what, if any, trade effects may result from the use of this programme.

11.5 Support of Small and Medium Enterprises

Title of the programme

Support of Small and Medium Enterprises (SMEs).

Period covered by the notification

2012.

Policy objective and/or purpose

Development of SMEs in the Russian Federation.

Background and authority

Act: Resolution of the Government of the Russian Federation No. 178 of 27 February 2009.

Authority: Ministry of Economic Development of the Russian Federation.

Form

Direct funding from the Regional budgets.

To whom and how assistance is provided

Ministry of Economic Development of the Russian Federation organizes annual competitive tender between sub-federal units of the Russian Federation to distribute between them funds from the Federal budget for Regional programmes of the SME support which are capitalized on the basis of co-financing from the Federal budget. Average shares of federal inputs in Regional support are about 70%.

The recipients of the subsidies are SMEs, as well as operators of SME support infrastructure (business incubators, industrial and technological parks). Support is granted for the following aims:

- compensation of lease payments;
- compensation of the interests on loans;
- grants to entrepreneurs beginning their operation;
- providing guarantees for loans;
- loans at discounted rates;
- development of SME support infrastructure (business incubators, industrial and technological parks).

Amount

20,800 million RUB.

Duration

Since 2005.

Trade effects

It is not possible to estimate what, if any, trade effects may result from the use of this programme.

11.6 Compensation of Export Credit Interest

Title of the programme

Compensation of Export Credit Interest.

Period covered by the notification

2012.

Policy objective and/or purpose

Support of export of industrial goods with a high degree of processing.

Background and authority

Act: Resolution of the Government of the Russian Federation No. 357 of 6 June 2005.

Authority: Ministry of the Industry and Trade of the Russian Federation.

Form

Direct funding from the Federal budget.

To whom and how assistance is provided

Subsidies were provided to the Russian exporters of industrial products for partial compensation of the export credit interest.

Amount

3,000 million RUB.

Duration

2005 – 5 November 2013.

Trade effects

It is not possible to estimate what, if any, trade effects may result from the use of this programme.

11.7 Contributions to the Charter Capitals of Certain Companies

Title of the programme

Contributions to the Charter Capitals of Certain Companies.

Period covered by the notification

2012.

Policy objective and/or purpose

Financial support of certain companies for development of their activities in accordance with their statutory goals.

Background and authority

Act: Federal Law No. 371-FL of 30 November 2011 (the Federal budget).

Authority: depends on the sphere of activity of the company.

Form

Non-repayable contributions from the Federal budget to the charter capitals.

To whom and how assistance is provided

The federal authorities of the Russian Federation transfer contributions to the charter capitals of companies. The most substantial contributions to the charter capitals in 2012:
